*"The Sale*

*of*

*Satisfied Buyers"*

**ABINGDON, ILLINOIS**  
**October 3, 1952**

Many herds have been established in their entirety on animals purchased in Abingdon Sales. Above is one of them. These excellent Shorthorns are owned by T. W. Gavin & Son, Monmouth, Illinois. The Gavins are selling four head in this sale.

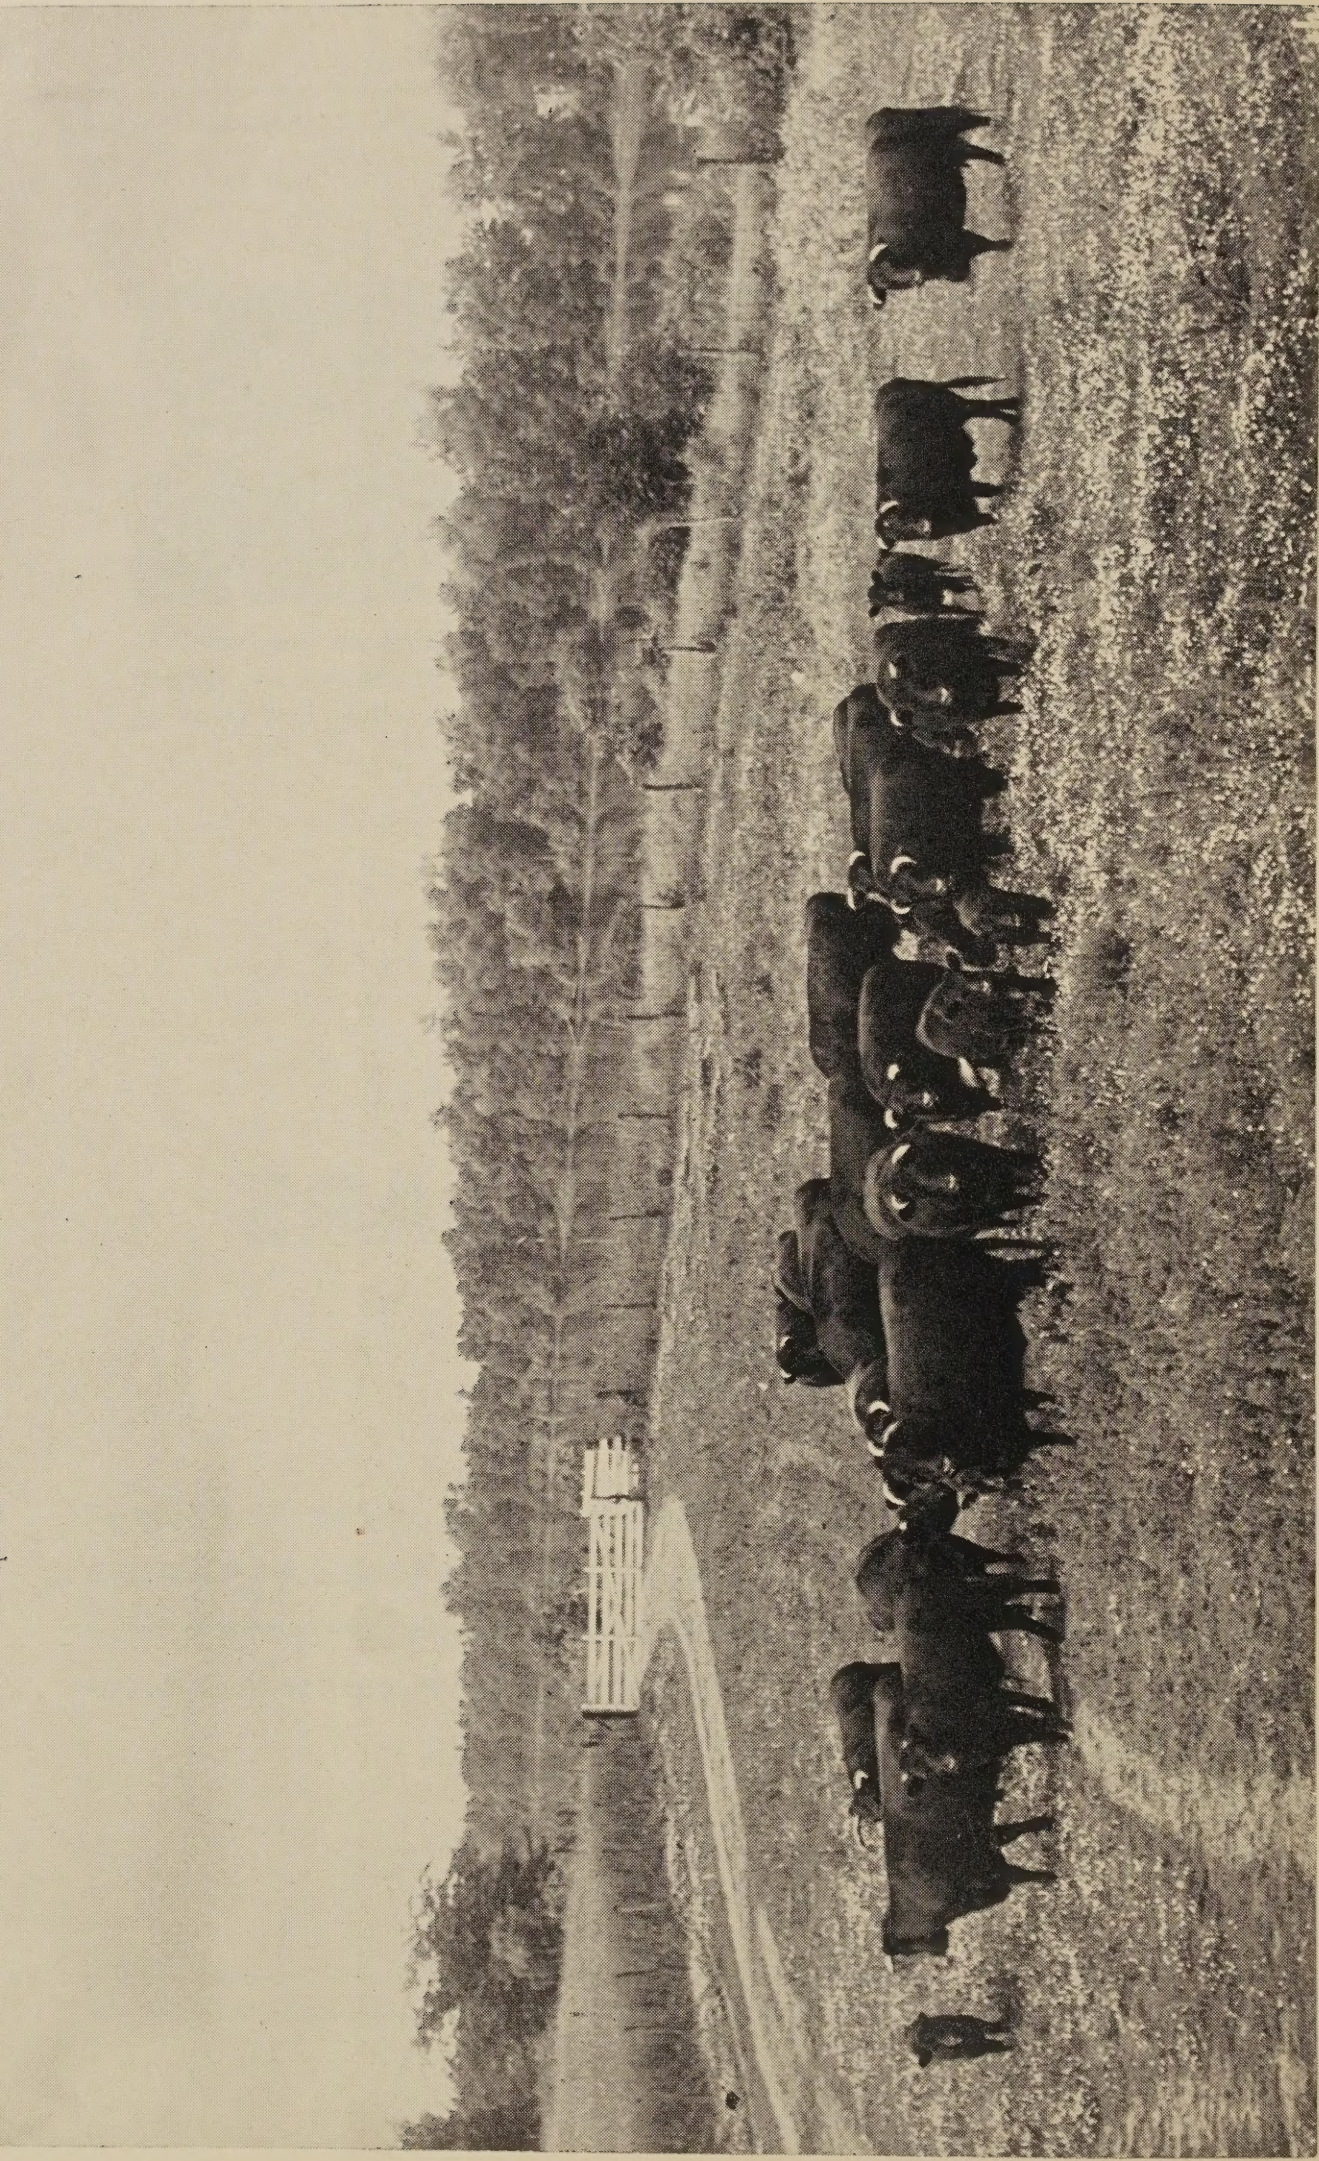

# **Nearly A MILLION DOLLARS In Shorthorns**

Cattlemen have invested nearly \$1,000,000 in purchases at "The Sale of Satisfied Buyers." Many good herds have been founded solely through purchases made in this sale. Breeders from nearly every state have patronized this sale because here we offer cattle correct for your needs at prices correct for your pocketbook.

Uniformity, scale, prolificacy and weight-for-age are Shorthorn characteristics that impress all who see the cow herd in lush pastures at Shore Acres Farm, owned by Arnold Bros., Sterling, Illinois.

# **I'm proud of the Abingdon Sale . . .**

Yes, I'm very proud of the Abingdon Sale. My pride doesn't come from the surroundings in which the sale is held because there certainly is nothing fancy about the pavilion. I think it comes mainly from the fact that the consignors themselves have been so loyal and have tried so hard to live up to the name "The Sale of Satisfied Buyers." Occasionally there have been differences between buyers and sellers but an honest effort has been made toward settlements and, in general, the buyer-seller relationship has been excellent. Without such a relationship no merchandising program can ever become a success.

There is plenty of visible evidence that the Tri-Annual Abingdon Sales have been a beneficial influence to the Shorthorn breed. This evidence may be found in the form of dozens of successful herds throughout the central states that have been founded in their entirety on seed stock purchased in these sales. Proof that these herds are strong may be obtained from the fact that the owners are now regular consignors and that their productions are among the tops of today's Abingdon Sales.

Although somewhat feeble when it was started back in drouth and depression years, the "Sale of Satisfied Buyers" has grown to a commanding position in the Shorthorn industry. The consignors and the management take pride in the fact that it has reached this position through a combination of honest cattle and honest methods.

HAL LONGLEY, Sale Manager.

# **Want a Bull To Use RIGHT NOW?**

**There are 39 bulls in this sale and most of them are ready for service RIGHT NOW. There will be bulls good enough for the finest purebred herds and bulls for commercial men who want to raise steers that will top the market. The selection will be excellent and we do not expect sky-rocket prices. Remember . . . you can buy a new bull in this sale for very little more than your old bull will bring on the open market.**

## **Thirty-One Female Lots**

The "Sale of Satisfied Buyers" kind. Well bred cattle, outstanding individuality, offered in strictly breeding condition. The kind that you want in exactly the condition you want them. Cows with calves at foot, heifers in calf to famous sires, and a beautiful string of open heifers.

At nearly every Abingdon sale someone from a distance fills out a carload. So that there will be a selection worthy of traveling such a distance, the management of this sale has followed the policy of making this one of the breed's largest offerings. If you've never been to an Abingdon sale, you owe it to yourself to attend. Remember . . . many entire herds, top herds, have been founded solely on purchases at "The Sale of Satisfied Buyers."

*Here's the sale with no fancy  
"fixins" -- just an honest-to-goodness  
cattle auction -- packed to the brim  
with royally bred but completely  
unpampered Scotch Shorthorns.*

## **Sure It's Your Best Move**

If you like good Shorthorn cattle (and who doesn't) . . . If you need more of them to consume the pasture and roughage on your farm that will otherwise go to waste . . . and if you feel that the prices quoted in your section are a bit steep . . . then your best move is to attend the "Sale of Satisfied Buyers" at Abingdon, Illinois, on Friday, October 3rd. It's a sale that was planned with YOU in mind . . . because we know that most good cowmen like to save a little money by buying the richly bred kind in unpampered condition. We're going to sell 39 bulls and 31 females . . . and they come from the best herds in three states. You'll like them . . . and you'll like the men who are selling them.

The sale will begin promptly at 12 noon C.S.T. Bulls will be sold first. The sale of females will begin at approximately 2:00 P.M., C. S. T.

# STANDARD GUARANTEE

## OF

### AMERICAN SHORTHORN BREEDERS ASSOCIATION

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. All animals are sold to comply with the laws regulating Tuberculosis and Bang's Disease of the state or country into which they may be shipped.
6. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this Sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.

Abingdon is convenient to reach for all buyers. It is on the Kansas City branch of the C. B. & Q. Railroad. It is located 12 miles south of Galesburg which is on the main line of the C. B. & Q. and Sante Fe Railroads. Frequent busses run from Galesburg to Abingdon but please remember that we will be glad to meet trains in Galesburg if advance notice is given.

It is easy to ship cattle from Abingdon by rail or truck to any point in the country. Plenty of truckers are available for long distance hauls in any direction.
